

17th Chitose International Forum on Photonics Science & Technology

- In Memory of Professor Naoya Ogata -

November 14-15, 2016
Chitose, Hokkaido, Japan

Invitation to CIF17

The 17th Chitose International Forum on Photonic Science and Technology (CIF17) will be held on November 14-15, 2016, at Chitose Institute of Science and Technology (CIST), Hokkaido, Japan. This conference is in memoriam of Naoya Ogata, a professor and the 2nd president at CIST. He was a pioneer of "salmon DNA for photonics". The conference on the 14th is held in Japanese to convey widely his great achievements and recent topics related to DNA. CIF 1 was held in 1999, and Prof. Ogata was its chairman. Each forum in this annual series focused on a specific topic related to photonics.

Program

CIF17 will consist of invited lectures and contributed poster presentation. Poster panel size is 90 cm height 180 cm width.
