

- ・協賛：高分子学会北海道支部
- ・開催日／開始時間／終了時間：平成 30 年 3 月 28 日（水）15:00-16:00
- ・場所：創成科学研究棟 4 階 セミナー室 C
- ・講演者と所属機関・職名／ Damien Hall Associate Professor (Specially Appointed) at Osaka University, Institute for Protein Research/ANU - Level C Academic (Group Leader) Australian National University, Research School of Chemistry

講演題目「Physical biochemistry of disease」

概要

My research program involves the application of physical chemistry / biophysics type theoretical and experimental approaches to the study of three disease states (i) cancer, (ii) virus infection, and (iii) amyloidosis proteopathies. In this talk a brief introductory survey of these three areas will be made before focussing on recent research progress related to the amyloidosis diseases.

略歴

Month/Date/Year

10/1/13 – Present: The Australian National University, Research School of Chemistry Level C Academic – (Group Leader - Full time)

04/01/15 – 09/30/18: Osaka University, Institute for Protein Research Specially Appointed Associate Professor (Adjunct Staff – 6 months per year)

04/01/18 – 03/31/19: Osaka University, Institute for Protein Research Guest Associate Professor
